

## ***EWM Treatment Authorizations Urgently Needed***

While the response to our request for authorization to treat your shoreline for Eurasian Water Milfoil was good, we are still missing many signatures. In fact, **there are very few shorelines where we have all of the signatures that are required for treatment.**

**Without authorization we may not be able to treat shorelines that really need it.**

**Please do the following:**

- If you haven't sent in your signed authorization (or you don't remember), **send it today.**
- Remind your neighbors to send their authorization.

**Signed forms can be mailed to:**

David Devins  
PO Box 1220  
Minnetonka, MN 55345

**Or they can be scanned or photographed and then emailed to:**

davidd953@msn.com

**[Click here](#) or go to [BayLake.org](http://BayLake.org) "What's New" to print an authorization form.**

Please include your fire number. If you don't know it please include the names of your nearest neighbors.

**Thank you for your support.**

David Devins
