

# *2015 BLIA Fireworks*

*Wondering why the fireworks are on July 2?*

Our fireworks are always held on a day other than the 4th of July because the Fourth is one of the busiest days of the year for fireworks companies.

We are fortunate because the company that puts on our show is owned by a family who lives on Bay Lake, the Orwoll's, and they give us a generous discount to have our show on a day other than the Fourth. As a result we can afford one of the most spectacular shows around.

This year Friday, July 3rd, will most likely be the "day off", so hopefully most of the BayLakers who aren't already at the lake can head north in time for the show.
