FINE ROADS ALL THE WAY

Bay Lake, famous for its beauty and its fishing, has 67 miles of heavily timbered shore, with points and bays and islands. "Home of the Black Bass" suits it well, and modern scientific fish culture has greatly increased the fishing. Croppies, northern pike and sunfish are numerous, and there is famous walleye fishing in many of the 100 lakes that lie within a radius of eight miles.

This is a land of comfort, of long sunny days and cool nights. Neighbor to the wilderness with the conveniences of home available. Write any of the advertisers for detailed information.
