Living Longtime BayLakers

A primary objective of this ***voluntary*** mini history project is to have ***fun***.

It's just a list of participating "BayLakers" who have been coming for at least 50 years.

Cabins (including rental cabins) are about family (and friends) and our intent is to be inclusive, ***so it's open to anyone who has been coming fairly consistently since or before 1967.***

Our intention is to update the list annually. In the meantime if you're aware of someone who is listed who is no longer living, please contact ericksonpaulsue@aol.com.
