

Dear Bay Lake Neighbors,

Your Township supervisor's need your help. Our recycling costs are getting out of control. Our costs are rising because of abuse, furniture, toilets, TV's, lawn furniture and household garbage are being put into the dumpsters. This must stop or we will run out of funds to continue the program.

We want to continue this service as we know so many of you enjoy. On the other hand, we need to be good stewards of your tax dollars.

Thank you!

Don Hales

Chairman, Bay Lake Township

RECYCLING DO'S

DO recycle all empty plastic bottles, cans, paper and cardboard.

DO keep foods and liquids out of recycling.

DO keep plastic bags out of recycling.

DO crush plastic bottles, cans, and cardboard.

RECYCLING DON'TS

DON'T bag your recyclables - plastic bags and film get tangled in the machinery.

DON'T include food-soiled items- they can turn an entire load of recycling into trash.

DON'T add sharp or dangerous materials like needles and electronics - they can cause injury to the workers.

DON'T toss in "tangles" like rubber hoses and wires - they can shut down an entire recycling center!

DON'T include any bulky items like propane tanks or construction debris.
